Sulphur Springs. Temperature from 100° to 115°.
Reached by two railroads. Fare only \$1.65 for
round trip, good to October 31st. No staging.*

SONOMA VALLEY, CALIF.

THE PIONEER RESORT

This is the original, pioneer Health Resort of Sonoma Valley, and also the largest, having accommodations for upwards of 400 guests. The rooms in the hotel, cottages and tents are both comfortable and inviting, and the grounds are covered with fruit and shade trees. All the buildings and tents, as well as the grounds, are electrically lighted throughout. A beautiful grape and rose arbor, 400 feet in length, covers one of the entrance avenues; and the large dancing pavilion is a vine-covered veranda, cool and attractive, which with the excellent music, renders it the center of life and gaiety. The well-kept roads penetrating the surrounding country afford many delightful drives; and our livery and auto service---at most reasonable rates---has become one of our most popular features. The swimming tank and tub baths are the only ones in the Sonoma Valley that are supplied with Sulphur Water Only, Naturally Hot---*Not Artificially Heated*. This fact is worthy of your attention, be you in search of pleasure or health---or both!

THE FAMOUS ARBOR

AMUSEMENTS

A Tennis Court, Croquet Lawn, Billiards, Dancing and Baseball furnish amusement for old and young. Hunting and fishing are near at hand; out-door life is spent amid scenery of surpassing beauty. The surrounding country roads are well kept, being sprinkled daily, furnishing some of the most delightful walks and drives. Hooker Falls, a magnificent spectacle, is within a few miles of the hotel; and there are many villages and cities in the vicinity: Sonoma, one of the oldest towns in the state, 3 miles; Glen Ellen, 3 miles; Petaluma, 14 miles; Napa, 14 miles; and Santa Rosa, 16 miles.

HEALTHFUL LOCATION

We are far away from any sluggish river, swamp or lagoon; we are in the midst of a valley noted for its invigorating air and pure water supply; we have perfect drainage and sanitary arrangements---in fact, Agua Caliente Springs are blessed with every requisite for health, entitling them to their long-established reputation of being one of the most healthful places in this or any other State.

THE ROSE TREE IN BLOOM

MODERN BATH HOUSE

The bath house, large and fully equipped, is supplied with natural hot sulphur water, and provides plunge and electric-light baths; also twenty-eight tubs, in addition to the beautiful swimming tank, 65 x 80, which can accommodate several hundred bathers. This tank is frequently emptied, cleaned and refilled with Hot Sulphur Water only. These baths are free to guests. Everything in connection with a first-class bathing establishment is to be found here, including Swimming Teachers and Masseurs.

EXCELLENT ACCOMMODATIONS

The hotel is open throughout the entire year, and numerous and attractive cottages are conveniently located. The rooms are of ample dimensions, well furnished and provided with gas and electric lights. The stone dining-room, the largest and lightest to be found at any resort in the State, seats several hundred diners, and is conducted in an up-to-date manner. The table is at all times supplied with the best the market affords, prepared by the best chefs obtainable, and served in quantities to satisfy the most strenuous appetites. Caliente Mineral Water, bottled here only, is always on the tables.

STRONG SULPHUR WATER

The sulphur waters here are among the strongest to be found anywhere, and come from five different springs, ranging in temperature from 100 to 115 degrees, and have for a great many years been accomplishing wonders in the curing of all forms of rheumatism, stomach troubles, skin and blood diseases. The analysis follows:

ANALYSIS OF THE HOT MINERAL WATER AT AGUA CALIENTE SPRINGS

Solids held in solution	Grains per U. S. Gallon

COTTAGE AT THE ENTRANCE

AGUA CALIENTE SPRINGS

The most famous in this section of the State, are located in the picturesque Sonoma Valley, but forty-five miles from San Francisco, and are reached by the Northwestern Pacific and Southern Pacific Railways. NO STAGING.

Under the management of Mr. and Mrs. Theodor Richards, who always give their personal attention to every matter connected with the comfort and pleasure of their guests, these springs have established an enviable reputation among the health and pleasure-seeking public.

MATCHLESS CLIMATE

Here the climate is almost ideal, the heat of summer being always tempered by the cool mountain air, and the winters extremely moderate; the evenings are invariably cool and pleasant, rendering sleep a decided pleasure.

INTERIOR OF THE DINING ROOM

CALIENTE MINERAL WATER

An excellent remedy for Rheumatism, Liver and Kidney complaints, Stomach troubles and all kindred ailments.

Once tried, you will find Caliente Water to be an article which you can conscientiously recommend to your friends.

The Caliente Mineral Water Base Ball Club has been recently organized and is one of the fastest amateur nines in California. Home grounds at Agua Caliente.
